## **\*\*Child Abuse Month\*\***

April is National Child Abuse Awareness Month. Last year there were 66,572 confirmed reports of child abuse in Texas, and 171 children, in Texas, died from abuse. 1/10 children will be sexually abused before 18th birthday. 85% of children know their abuser. When talking to young children about personal space, tell them body parts covered by a bathing suit aren't to be touched by anyone. All kids need to learn that it is okay to say no. Abusers often begin "grooming" children several years before the actual abuse begins. They choose all children, but especially those who are: shy, quiet, lonely, don't have a lot of playmates. Any adult that spends an unusual amount of time playing with children-games like hide and seek should be considered suspicious. To report abuse call: 1-800-252-5400. The Texas youth hotline helps families deal with conflict and high risk behavior. Youth Hotline: 1-800-989-6854.
